

# Bet on the Right Horse

Not The False Favourite

TifTuf is 38% more drought tolerant than other bermudas based on USDA drought stress trials.

\*TifTuf topped Tahoma 31 every single year in NTEP drought stress trials.

\*TifTuf placed in the top NTEP trial categories 93% of the time. Tahoma 31 a distant 73% finish.

**TifTuf the Clear Winner, Running Away.**
